

# GenAI Contract Analysis & Risk Assessment Bot

AI-powered Legal Assistant for Indian  
SMEs

# Problem

- • SMEs struggle to understand complex legal contracts
- • Hidden risks lead to financial and legal issues
- • Lawyers are expensive for small businesses
- • Contracts often signed without full clarity

# Our Solution

- GenAI-powered assistant that:
  - Analyzes contracts automatically
  - Explains clauses in simple language
  - Detects risks and unfavorable terms
  - Suggests safer alternatives

# Key Features

- • Contract type detection
- • Clause extraction & explanation
- • Risk scoring (Low/Medium/High)
- • NER: parties, dates, money, jurisdiction
- • Multilingual (English + Hindi)
- • SME-friendly templates
- • Clause-by-clause plain-language explanation
- • AI suggests safer alternative clauses
- • Supports employment, vendor, lease & service contracts

# Compliance & Security

- • Indian law compliance checks
- • Confidential processing
- • Audit trail logs
- • PDF export for legal review

# Impact for SMEs

- • Reduces legal costs
- • Faster contract understanding
- • Better negotiation power
- • Prevents risky agreements
- • Saves time for business owners
